

Analyst

Sahel Consulting Agriculture and Nutrition Ltd (Sahel) is a leading management consulting firm focused on the agricultural and nutrition sectors in Africa. We partner with government agencies, private sector actors, and leading international development organizations to research, analyze policies, develop strategies, and implement programs that promote sustainable food security and improved nutrition. We work on various projects across Africa, including Benin, Burkina Faso, Ghana, Kenya, Mali, Nigeria, Senegal, Sierra Leona, and Tanzania.

Job Title: Analyst

Contract Type: Full Time

Closing Date: Open until filled.

Overview: Our team is seeking analysts with a keen interest in agriculture. As an Analyst, you will have the opportunity to work on various projects spanning the public, private, and social sectors and valuechains. We are looking for someone enthusiastic about making an impact in the agriculture and nutrition fields. If you are highly motivated, skilled, and eager to take on challenging and meaningful work, we encourage you to apply for this exciting opportunity to join our team.

Job Description: In this role, you will fulfil the following primary responsibilities:

- Conduct industry, market, and development research to identify trends and opportunities and to support proposal development and project implementation.
- Perform quantitative and qualitative analysis with data gathered during research.
- Prepare presentations, reports, and other materials summarizing research and analyses and developing client recommendations.
- Communicate findings and recommendations to senior management and clients clearly and concisely.
- Support the organization with the work required to deliver high-quality final reports to clients.
- Work independently but as part of a broader team of consultants.
- Support senior management on other initiatives as requested

Minimum Qualifications & Requirements: We are looking for candidates with a passion for agriculture who are self-starters. Below are the essential qualifications we are looking for:

- Bachelors or master's in Business, Finance, Economics, Agriculture, or related discipline
- High-quality analytical, quantitative, and problem-solving skills
- Exceptional interpersonal and communication skills (both written and verbal)
- Good command of the English language; a near native proficiency in French is an added advantage
- Willingness to travel (required)
- Ability to work effectively in a fast-paced, team-oriented environment
- Demonstrated ability to handle multiple projects simultaneously and meet tight deadlines.
- Successful completion of CFA Level 1 or related Business Analyst and management consulting training is a plus.

Position location: Abuja, with local and international travel.

Method of Application: Qualified applicants should send their CVs to recruitment@sahelconsult.com with "Analyst" as the subject line. Only shortlisted candidates will be contacted.
